Company Overview

GLOBAL HELPING is a fast-growing international direct selling platform committed to empowering individuals by creating sustainable income opportunities and building future leaders across the world. The company operates with a clear vision to transform lives through a structured business ecosystem that combines innovation, transparency, and performance-driven systems.

At its foundation, GLOBAL HELPING integrates modern digital strategies with a product-based business model, allowing individuals to generate income through both active participation and long-term passive streams. The platform provides a well-organized system where members can grow their business through referrals, team-building, and product distribution, ensuring scalability and long-term stability.

Beyond financial growth, GLOBAL HELPING places strong emphasis on personal and professional development. Through continuous training programs, mentorship support, and leadership development initiatives, members are equipped with essential skills such as communication, business strategy, team management, and entrepreneurship, enabling them to succeed in competitive global markets.

The company is designed to be inclusive and accessible for individuals from all backgrounds, whether beginners or experienced professionals. By fostering a culture of teamwork, collaboration, and shared success, GLOBAL HELPING encourages its members to build strong networks and develop leadership capabilities that create long-term impact within their communities.

ABOUT US

GLOBAL HELPING is a rapidly growing global MLM direct selling platform committed to empowering individuals through innovative marketing strategies and structured earning systems. Built on a strong foundation of trust, transparency, leadership, and long-term financial growth, we create opportunities for individuals to achieve financial independence while developing valuable professional skills in a supportive environment.

Our vision is to build a sustainable and transparent ecosystem where individuals can unlock their full earning potential through modern business models and technology-driven solutions. By combining smart financial concepts with structured team-building systems, GLOBAL HELPING offers a balanced platform that supports both personal development and professional success.

Our mission is to create sustainable and scalable earning opportunities through product-based business expansion, disciplined saving and investment strategies, AI-powered operational systems, and structured leadership development programs. We focus on building strong, capable leaders who can inspire teams, drive performance, and create long-term value within the organization.

At GLOBAL HELPING, we believe true success is achieved through collaboration, integrity, continuous learning, and consistent performance. Our structured plans are designed to reward dedication, teamwork, and business growth while ensuring fairness and transparency at every stage.

Our Mission

To build a transparent, technology-driven global ecosystem where individuals can achieve financial independence and become successful leaders across international markets, while fostering innovation, trust, and long-term sustainable growth for communities worldwide.

Our Vision

To create scalable earning opportunities through product-based business models, structured team-building systems, and continuous leadership development, while empowering individuals with the skills, tools, and support needed to build sustainable businesses and achieve lasting success.

Message from the Company

Dear Valued Clients, Partners,

It is my great honor to welcome you to GLOBAL HELPING.

At GLOBAL HELPING, we believe that true success comes from empowering people and creating meaningful opportunities that transform lives. Our journey is built on a strong foundation of trust, transparency, innovation, and long-term vision, where individuals are not only given the chance to earn but also to grow, lead, and succeed in a global environment.

We are committed to building a sustainable and technology-driven business ecosystem that connects people across borders and opens doors to financial independence. Through our structured business model, product-based system, and modern digital strategies, we provide a platform where individuals can create both active and passive income streams while developing valuable entrepreneurial skills.

At GLOBAL HELPING, we strongly focus on personal and professional development. We believe that success is not only measured by financial growth but also by the ability to lead, inspire, and create impact. Through continuous training programs, mentorship support, and leadership development initiatives, we equip our members with the skills and confidence needed to compete in today's fast-changing global marketplace.

Our organization is built on the values of teamwork, collaboration, and shared success. We create an environment where individuals from all backgrounds – whether beginners or experienced professionals – can work together, support each other, and grow as a strong global community. By fostering these values, we aim to build not just a business, but a movement that drives long-term positive change.

As we continue to expand into new international markets, our vision remains clear – to create a powerful global network that empowers millions of people to become financially independent and successful leaders. We are constantly evolving, integrating advanced technologies, and improving our systems to ensure sustainable growth and long-term stability for our members.

Sincerely,
GLOBAL HELPING

Our Passive and Royalty Income system is designed to reward consistent growth, leadership performance, and long-term commitment within the organization. These earnings are generated from the company's overall sales profit, ensuring a sustainable and performance-based reward structure.

As members advance in rank — such as Bronze, Bronze Elite, and Platinum — they become eligible to receive structured passive and royalty income benefits. These incentives are distributed based on rank qualification, team performance, and overall company growth, creating a balanced and transparent earning model.

Anyone who achieves this milestone will be awarded 3% income from their total generated business volume, recognizing their performance, leadership, and contribution to team growth.

PRODUCT PURCHASE PLAN:

Product Purchase Plan:

Members who purchase two products for \$50 will be eligible to participate in the Product Purchase Plan.

4 Types of Income:

Referral Bonus

The Referral Bonus is generated from the product purchases of newly joined members within the network. Sponsors earn a 10% direct commission from their referrals' purchases, paid instantly with no waiting period. This system rewards active networking and encourages consistent business growth from day one.

Binary Plan

In the Binary Plan, members build two teams (left and right) to generate income. Earnings are based on balanced team growth and overall performance, creating a stable and long-term earning structure.

Leadership Plan

The Leadership Plan rewards active and committed members who achieve specific GV milestones. It offers cash rewards and additional passive income from team sales, encouraging leadership growth and consistent performance.

Passive & royalty Plan

The Passive & Royalty system is designed to reward long-term leadership and team success. Members unlock extra income based on rank, team growth, company turnover, and overall business performance.

Referral Bonus : 10%

Members who purchase any two products worth \$50 will receive 30 GV points. These GV points contribute to team performance, rank advancement, and eligibility for various bonuses under the marketing plan.

Binary Table:
